My response on the City of Detroit Plans for bankruptcy (adjustment – Docket 2708) or any issues related to the bankruptcy:

I object (not in agreement) to the above filing because retirees are being strongly treated unjustly by this action.

It is unfair for me, a retiree and a citizen of the City of Detroit to continue bearing the burden of the City's unbalanced books. Always in the "red" because of creative accounting and bad financial decisions by those we trusted. Now another bad decision "emergency manager", bankruptcy!

Force again to withstand a hardship in my personal life. While actively working I took, over time, a 30% pay cut and now they want to cut my pension checks by 34%; force me to deal with outrageous high medical insurance premiums and excessive prescription costs (not to mention the out of pocket costs)

I don't believe the City of Detroit is operating in good faith and there is "monies" unaccounted somewhere...look again.

Expect the bankruptcy court to be overwhelmed with personal bankruptcies because of this action.
